

# PROBATION DEPARTMENT COUNTY OF SAN MATEO

## Quarterly Post-Release Community and Mandatory Supervision Update October - December 2023: 42 New Supervisees

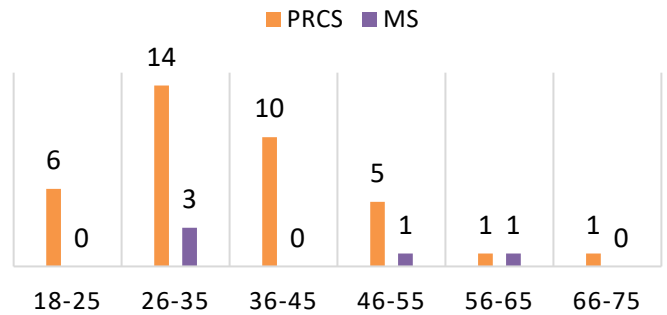

\*since realignment began in October 2011, there have been 3,028 supervisees.

FY 2023-2024 Second Quarter Highlights	
<ul style="list-style-type: none"> <li>42 new supervisees</li> <li>37 new PRCS supervisees; 5 new MS supervisees</li> <li>24% of new supervisees live out of county</li> <li>40% of new supervisees were transient</li> </ul>	<ul style="list-style-type: none"> <li>46 revocations were filed</li> <li>30% of violations were technical violations</li> <li>53% of terminations were successful</li> </ul>

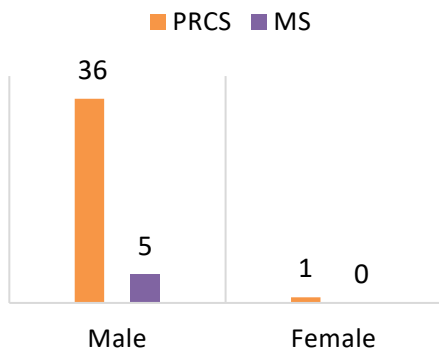

**PRCS and MS Released to SMC Supervision**

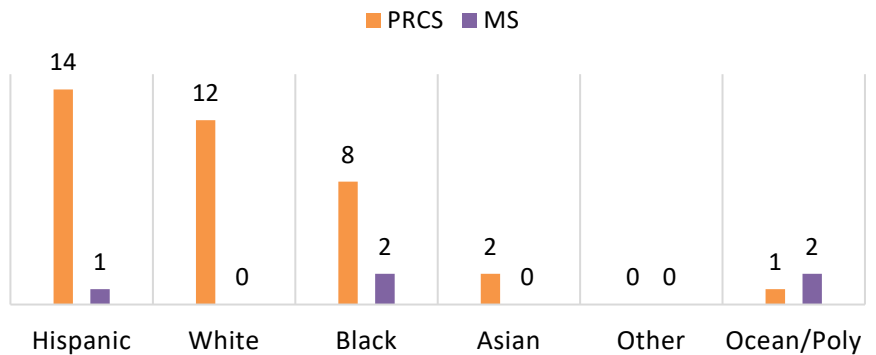

**Age**

**Gender**

**Race**

PRCS			
Redwood City	3	Belmont	1
East Palo Alto	4	Daly City	2
San Mateo	4	South San Francisco	1
Transient	13	Out of County	9
<b>Total Supervisees</b>	<b>37</b>		

MS			
Transient	4	Out of County	1
<b>Total Supervisees</b>	<b>5</b>		

## Terminations, Revocations and Flashes

There were nineteen (19) terminations during the reporting period. Fifty-three percent (53%) were successful.

Total # of Supervisees Successfully Terminated		Total # of Supervisees Unsuccessfully Terminated	
<b>PRCS - 7</b>	<b>MS - 3</b>	<b>PRCS - 5</b>	<b>MS - 4</b>
<ul style="list-style-type: none"> <li>• Early Terminations: 3</li> <li>• Normal Terminations: 4</li> </ul>			

In the reporting period, we filed a total of forty-six (46) revocations, with PRCS having forty-five (45) and MS having one (1) revocation. Of the forty-six (46) revocations, there were thirty-two (32) New Law Violations. The breakdown by violation category is below:

Violation Type	PRCS	MS	% of Q2 Revocations
Violent Felonies per PC § 667.5(c)	0	0	0%
Serious Felonies per PC § 1192.7(c)	2	0	4%
Other Crimes	29	1	65%
Technical Violations	14	0	30%
<b>Total</b>	<b>45</b>	<b>1</b>	<b>100%</b>

Generally, the population is reoffending by committing crimes similar to those for which they are on Realignment, namely non-serious, non-violent, non-serious sex related crimes.

Thirty percent (30%) of revocations were for technical violations. Technical violations of supervision are filed when supervisees abscond or fail to abstain from substance use. It is important to note that the Probation Department usually files formal revocations after lower sanctions have been attempted, including flash incarcerations for PRCS cases. However, at times, officers may decide that a formal revocation is more appropriate than utilizing lower sanctions, depending on the circumstances of the violation. Seventy percent (70%) of revocations filed were for new law violations involving crimes against persons, property, drug/alcohol related crimes as well as other crimes. Of the thirty-two (32) New Law Violations, twenty-one (21) were misdemeanors and eleven (11) were felonies.

There were ten (10) **flash incarcerations** during this reporting period.

Seven (7) cases were **transferred** to another county for supervision.

---

### Recidivism Definition

**San Mateo County:** Arrest and/or Charges Filed within 3 years of Last Incarceration in San Mateo County, including warrant arrests, PTA/Court Sentence but **excludes** PRCS flash incarcerations/Revocation, 647/849B1 (no charges filed) or dropped charges.

**Attorney General:** An arrest resulting in a charge within three years of an individual's release from incarceration or placement on supervision for a previous criminal conviction.

**BSCC:** A conviction of a new felony or misdemeanor committed within three years of release from custody or committed within three years of placement on supervision for a previous criminal conviction.

## REALIGNMENT BULLETIN CY Q4: October 2023 — December 2023

### Executive Summary:

Offenses committed by the supervised and in-custody realignment populations in San Mateo County during October through December (Q4) continue to show that this population commits primarily drug and theft related offenses. However, we also see weapons, domestic violence and vehicle theft in the top categories.

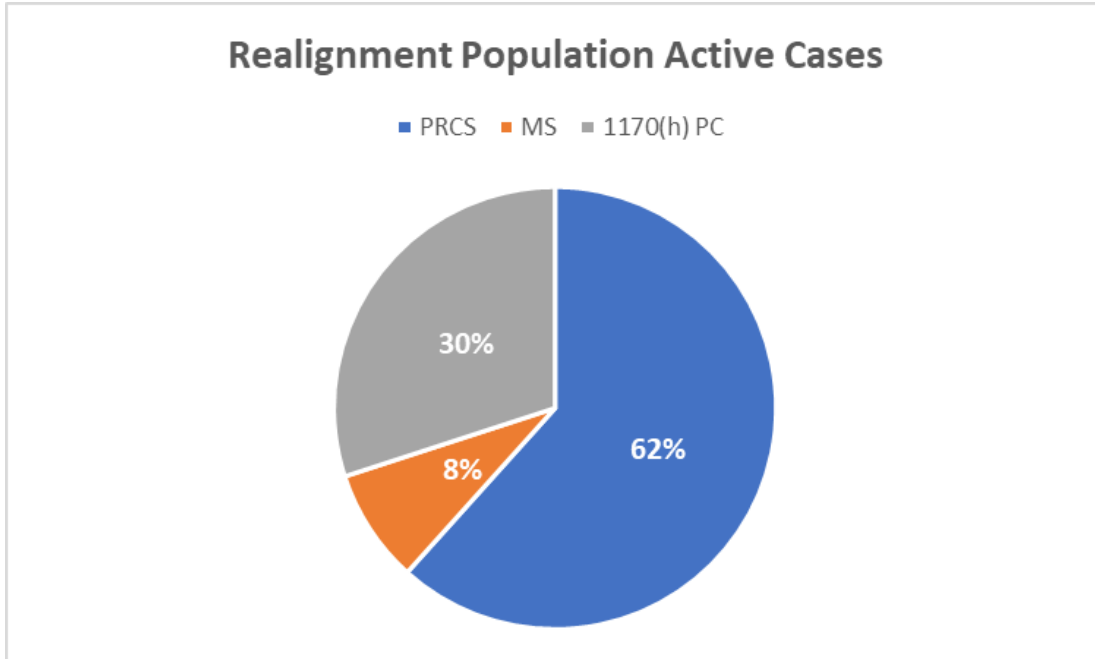

### Overview:

During Q4, Drugs & Alcohol (18%), Larceny (15%), and weapons (13%) were the top committing offenses for the realignment population (this includes the new supervised cases and in-custody realignment offenders). Please note, "miscellaneous" refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: identity theft, stalking, driving on a suspended license, sex crime, accessory to a crime, human trafficking.

The data used for this analysis was derived from information provided by the San Mateo County Probation Department and the SMCSO Corrections Division.

**AB109: San Mateo County**

**Note:** This data was obtained from different sources (Probation and Corrections) and may overlap slightly. However, the preceding analysis provides a general picture of the San Mateo County realignment population.

**AB109 In-Custody Statistics**

PC1170(h) New Sentenced Cases	Q4 2023	Q3 2023	Q2 2023
Number of new PC1170(h) cases	56	66	47

**San Mateo County: In Custody (cont'd)**

**AB109 In-Custody on the Last Day of the Quarter:**

On the last day of the quarter (December 31, 2023), the total AB109 in-custody population was 11.46% (116) of the overall average daily population (1,012), an increase from the prior quarter 8.18% (89) with an ADP of 1,088.

During Q4 CY2023, burglary, drugs & alcohol, and various other property crimes comprised the top new charges committed by the in-custody population. Please note that the category "Other Property Crimes" refers to offenses such as elder theft, receiving stolen property, embezzlement, forgery, and larceny. "Miscellaneous" refers to a number of assorted offenses that do not amount to any one category. These offenses include but are not limited to: evading, false imprisonment, stalking, and arson.

# Service Connect BHRS Dashboard

FISCAL YEAR 2023-24 FIRST QUARTER  
SUMMARY REPORT NARRATIVE

SAN MATEO COUNTY HEALTH

BEHAVIORAL HEALTH  
& RECOVERY SERVICES

*Please Note: The BHRS Service Connect Dashboard is presented one quarter in arrears to present accurate data because submission deadlines are too soon after the quarter close.*

## AT-A-GLANCE: All Time Total BHRS Referred, Served, Number of Services, or Booking Encounter

The total number of participants referred to BHRS for treatment since July 1, 2017, is 3,191 (increase of 33 during Q1) and of these, 1,871 (increase of 27 during Q1) entered treatment and/or recovery plans (participants served by BHRS and is a lower number because not all assessments result in treatment). Referred is defined as participants showing up for the first post-referral appointment and does not include those referred, but who did not follow through on the referral. This also represents the total number of services, 25,712 (both mental health and substance use treatment) provided to participants since the inception of the program.

## Open Service Connect Cases with a Service

This graph represents total Service Connect participants that received at least one BHRS service. The numbers do include participants that continued from quarter to quarter, so a participant could be counted more than once in each quarter if their case was open across multiple fiscal quarters. The Q1 count is 110, which is down since last quarter but more consistent with the quantity of Service Connect clients who typically receive services in a quarter.

## Engaged Participants with Four or More Services in a Year

“Engaged” is defined as a participant receiving four or more services, meaning the participant has returned to BHRS for multiple appointments for different services, demonstrating the participant is engaged because they actively participate. Engagement is down only 3% over last quarter but is consistent with the historical counts for engaged.

## Percent of Participants with Substance Abuse Recovery Plan or a Mental Health Treatment Plan

This graph presents the percentage of participants who had a mental health treatment plan or a substance abuse recovery plan. Recovery plans are typically at a rate of two to one as compared to a mental health treatment plan. However, this quarter there was a much higher rate for AOD treatment plans.

## Living Situation Upon Program Admission and Discharge

This graph shows the living situations of participants at the time the participant was admitted to the program and then the living situation when discharged from the program. The purpose of

this measure is to monitor the service impact on improvement of the living situation of the participant Q1 shows upon discharge from Service Connect that less participants were in a justice-related facility, more were in residential/community treatment facilities, and homeless decreased by 2.

## Total Individuals Referred to Service Connect and Total Admitted for Services

Not all individuals referred to the program meet the assessment criteria for admission to the program, so this graph measures the difference between the number of persons referred and the number that are admitted and served for each quarter. The results for Q1 demonstrate an increase in referrals and increase in the number served.

## Social Orientation and Gender Identity (SOGI) Data

BHRS collects SOGI data in five categories at admissions and across the life of a case to inform other levels of government of the needs of all populations. Q1 displays only Sexual Orientation and Pronouns and is consistent with recent quarters.

## Correctional Health Services

Correctional Health data presents the total participants that flow through Correctional Health by quarter. The counts represent the participants who were screened, medically treated, and referred for mental illness and substance abuse treatment. We again had a large quantity of referrals in Q1, with a large portion being made for MH and AOD services. Service Connect referrals at only 19 during Q1 were much lower than has been typical.

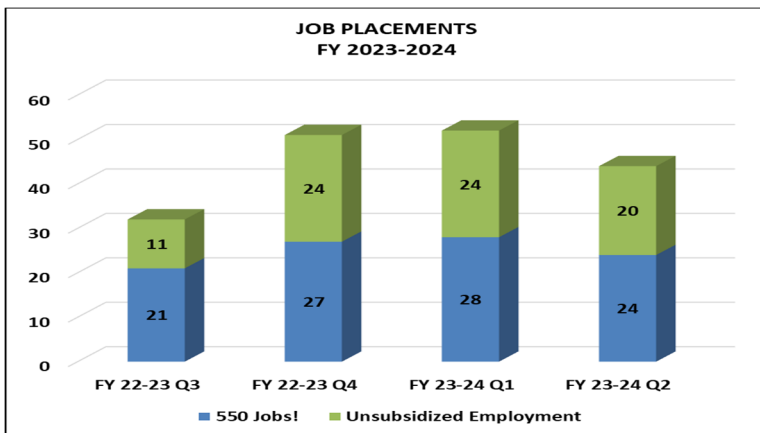

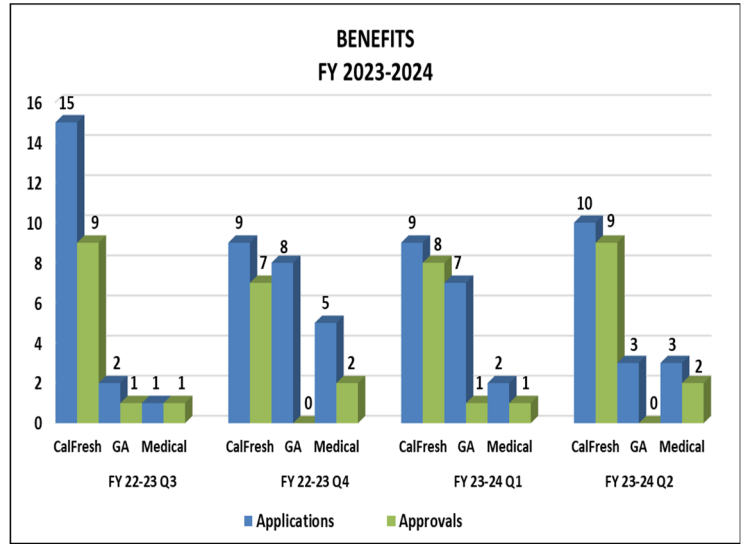

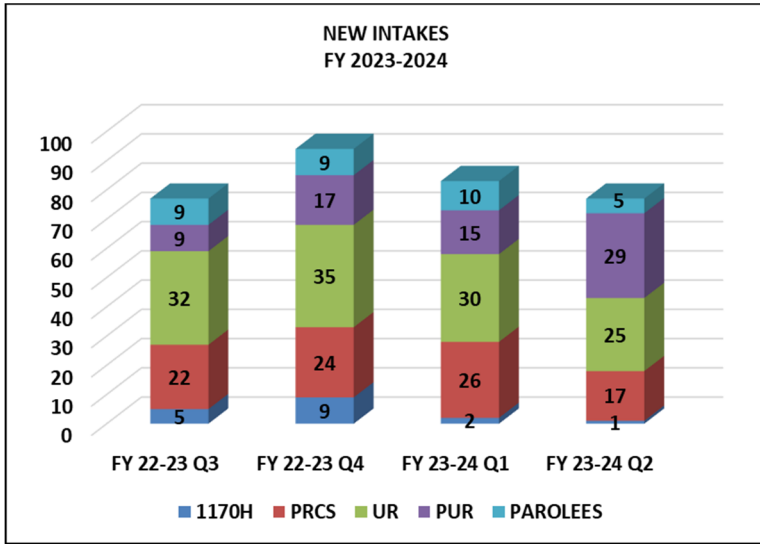

## Service Connect Cases with PES Counts

A Psychiatric Emergency Services (PES) count is when a Service Connect participant has presented themselves at PES. Those participants that were not admitted are shown as a “visit” and those admitted are shown as “inpatient.” Involvement with PES is only counted if enrolled in Service Connect—counts do not include episodes when subject was not a participant in Service Connect. Q1 has 12 PES visits, which is consistent with recent quarters.

---

*FY 23-24, Q2 (October 2023 – December 2023)*

## New Intakes

- There were 77 intakes in Q2.
- Intakes in Q2 by program type: 38% Probation UR, 32% UR, 23% AB109, 7% Parolees.
- Under the virtual intake pilot program initiated in coordination with Sheriff's Office, 17 virtual intakes were completed in Q2 accounting for 22% of intakes.

## Eligibility/Benefits

- There were 16 applications received and processed in Q2: 10 CalFresh, 3 General Assistance, 3 Medi-Cal.
- There were 11 applications approved in Q2: 9 CalFresh, 2 Medi-Cal.
- Denied applications totaled 7: 1 CalFresh, 4 General Assistance, 2 Medi-Cal. Top reason for application denial was failure to provide verifications at 57%. Accounting for 43% were household already receiving benefits, over the income limit, and active in another county.
- There was no application withdrawal.

## Employment Services

- In Q2, 44 individuals obtained employment: 550 Jobs! comprised 55% and unsubsidized employment 45%.
- Services, health & counselling, and retail were the top 3 businesses that employed individuals in Q2.
- Average wage per hour for unsubsidized employment was \$21.22.
- Total of 52 individuals received job development services in Q2.

## Services Provided

- Transportation and communication were the most requested service in Q2: 101 bus tickets, 98 monthly bus passes, 24 phones, and 29 phone cards were issued serving an average of 57 individuals per month.
- Food assistance was the second most requested service: 243 meal vouchers, 67 Safeway cards, 53 food totes were issued serving an average of 50 individuals per month.
- Other services provided were personal supportive items. Individuals were provided with 34 Target cards and 50 hygiene kits.
- In Q2, there were 35 individuals who utilized the motel voucher program and 8 individuals provided with shelter bed placement.

## Peer Support Services

- There were 84 individuals who received peer support services in Q2.
- Total support services provided: 74 face-to-face meetings, 52 phone check-ins, 16 transportation, 10 administrative support, 7 warm hand-off, 5 provider support, and 3 motel visits.
- Iron Sharpens Iron support group had 28 participants over 9 meetings and provides a platform to discuss various barriers to successful reentry.
