ATTENTION MILLENIALS!

As of January 1, 2020, anyone under 35 is required by California law to have a California Boater Card or approved exception to operate a boat on state waters. More info at www.californiaboatercard.com

Rack ‘em Up!

Welcome to the new decade! You may have noticed three new bike racks that were recently installed – two on the center berm and one near the launch ramp. The racks were donated to the Park by REI, and the installation was an Eagle Scout project by a local scout. Many thanks to all those who helped! Now, whomever has those bikes locked to the oil shed railing – it’s time to move them to the bike rack!

Another news item – we are in the process of implementing a new marina management database. Marina staff will soon have real-time access to tenant records and up-to-date and payment history at the Harbormaster’s office. The new system also has an online payment portal and can be set up to automatically charge a credit or debit card on the 10th of each month. We are going live with the system on January 1 and will implement the online features by the end of February.

I want to thank all the intrepid boat owners who decorated their boats for the season. The lighted boat parade was a lot of fun, and it really does bring a festive atmosphere to the harbor. As I write this the votes are still coming in, so the winner of the lighted boat contest will be announced on Twitter in January and in the February newsletter.

- *Mark Bettis, Harbormaster*

Refresher on Marina Policies

As your Marina staff, we want to be sure that all members of our community are aware of several key Marina rules that seem to consistently be ignored.

Please be sure you are using 30-amp outdoor rated shore power cords. Lightweight cords can short out and cause fires.

Please do not store vehicles in the Marina lots. If you need to keep a car here for more than three nights in a row check with the office.

Swimming is not allowed in the harbor.

All vessels must have current registration and insurance. Note that for many CA DMV registered boats it’s time to renew!

Here’s a good one – right from the posted rules on our web site – “All boats shall be berthed with proper care and equipment and shall be maintained at all times as to safety and appearance.” Those of you who have moss factories above decks and lush gardens below the waterline – it’s time to get your boat cleaned up!
